

Integrated Solutions that Align to COVID Relief Funding

Discovery Education's dynamic learning platform and curriculum programs seamlessly integrate high-quality content, instructional tools and strategies, and professional learning into the work educators do every day. By focusing on equity, engagement, and access we can empower educators to maximize COVID relief funds and accelerate learning for every student, in any environment.

How Discovery Education Solutions Align to COVID Relief Funding Purposes

The following categories support funding purposes outlined in the CARES, CRSSA, and American Rescue Plan legislation. By meeting the needs identified in each of the categories, our content, tools, and resources can help you maximize your funds.

	Experience Platform	Techbooks (Science, Social Studies, Math)	STEM Connect	Coding	Mystery Science
