

February Highlights for Discovery Education

Timely & Relevant Resources

[Science News Explores](#) (All Grades)

Stay up-to-date with noteworthy STEM developments, innovations, and research from experts in the field. Science News for Students presents a diverse collection of articles for middle and high school audiences. Topics cover advances in earth and space science, psychology, technology and innovation, life science, and more!

[Generation Health by AstraZeneca & Learning Undeclared](#) (All Grades)

Generation Health: How Science Powers Us aims to make science personal through a focus on healthy living. This program provides hands-on, standards-aligned STEM learning activities where students investigate both preventative measures and innovative solutions to key health concerns in the areas of oncology, cardiovascular, and respiratory health..

[Manufacture Your Future](#) (All Grades)

Arconic Foundation and Discovery Education have partnered to provide educators, administrators, school counselors, and families with materials to cultivate the next generation of manufacturing leaders and innovators. New lesson plans and self-paced module are rooted in STEM principles, and counselor and family resources explore career options and provide a school-to-home connection.

[Girls4Tech](#) (All Grades)

Girls4Tech helps bridge the gap between opportunity, awareness, and readiness by providing schools and community organizations with free resources to educate, inspire, and equip young girls with the skills and confidence they need to envision themselves as future professionals in STEM fields.

February Highlights for Discovery Education

Timely & Relevant Resources

February Activity Calendars

Explore ready-to-use activities that provide students with opportunities to explore their curiosity around a variety of topics. [K-2](#) [3-5](#)

Explore the [Instructional Activities Channel](#) to see featured ready-to-use activities for all grade bands.

PL Resource of the Month: SEL in the Day

As a high school teacher librarian, Nancy Jo uses social-emotional learning practices to help students and other educators identify the value in understanding identity as an important and evolving part of educating every child. Watch the [video](#) or read the [PDF](#) to learn more.

Strategy of the Month: Fold, Draw, Learn

Students develop the ability to use context clues both by paying careful attention to a video, and by interpreting a drawing made by another student. Fold, Draw, Learn provides opportunities for students to practice using context clues to determine or clarify the meaning of unknown and multiple-meaning words and phrases. View all strategies in the [SOS Channel](#).

Feature of the Month: Build an Activity

Once you find a video that you love, don't forget to Build an Activity with that video! Add questions at points with a video quiz or build an activity with Studio and add in additional resources and quiz questions. Either way, you have a quick way to check for student understanding.

Subject Specific Content

Each month, these channels are refreshed with trending topics and new content. Be sure to check back each month for new and exciting content!
