

# Welcome to DE!

FOR FAMILIES

We are excited to announce a new districtwide partnership with Discovery Education to provide 24/7 access to the tools and resources students need to keep connected in and out of the classroom this school year. You can access these resources from any internet-connected device, at any time.

Discovery Education will enrich the educational experiences of our K-12 students by providing educational videos, activities, simulations and virtual field trips, while also empowering our teachers with additional tools and resources to enhance the district's adopted curriculum.

---

## Access Discovery Education

- K-5: Educators and Students can select the Discovery Education tile in the Clever portal.
- 6-12: Educators and Students can select the waffle menu on the Schoology home page and select Discovery Education. Educators and Students can also select Discovery Education in their Schoology course.

## 5 Easy Ways to Get Started

- **Find Educational Content**: Use the search feature to find different types of content to support what your child is learning, including videos, images, podcasts, reading passages, and more.
- **Take a Virtual Field Trip**: From visiting polar bears in the tundra to understanding the importance of a physically active lifestyle, these virtual field trips can take you around the world from your very own home.
- **Explore Student Learning Activities**: Choose a resource to help your child learn about topics like STEM careers, inventions, national parks, and ancient civilizations.
- **Get Interactive**: From games to skill builders, your child can get “hands on” with educational explorations.
- Explore the **Family Guide** to learn how students can navigate Discovery Education, access assignments, and more.
