Why AI Literacy Matters

SOS Instructional Strategy

THREE TRUTHS, ONE LIE

SKILLS

- Citing Evidence
- Identifying Key Ideas & Details
- Inferring & Predicting

BIG IDEA

Using three truthful statements and one false statement, students analyze content for the purpose of identifying inaccuracies and providing evidence to support thinking. Asking students to defend their thinking with text-based evidence provides a specific purpose for viewing the media.

Frey, N. & Fisher, D. (2013, March) Show Me the Proof: Requiring Evidence in Student Responses. Principal Leadership, 13(7), 57-59

Three Truths, One Lie for Students
Full Video | 02:51

3 TRUTHS

1 LIE

1. RHYME IS USED IN POEMS AND SONGS TO CREATE RHYTHM.
2. THERE IS MORE THAN ONE TYPE OF RHYME.
3. ALL POEMS HAVE PERFECT RHYME.
4. RHYME HELPS YOU REMEMBER THINGS.

The video thumbnail features a purple rounded rectangle with a play button icon in the center. The text "3 TRUTHS" is written in large white letters above a horizontal line, and "1 LIE" is written below it. To the right of the play button is a list of four statements about rhyme. The background of the thumbnail shows a desk with a yellow notepad, a green pen, and a purple eraser.

Why AI Literacy Matters

1. AI literacy helps districts establish consistent, responsible-use expectations as AI tools rapidly enter classrooms.
2. AI literacy empowers teachers to guide students beyond "using" AI toward critical thinking, ethics, and responsible decision-making.
3. AI literacy eliminates the need for adult guidance because students naturally understand how to use AI responsibly as digital natives.
4. AI literacy prepares students to understand how AI impacts their learning, privacy, and future opportunities.

Why AI Literacy Matters

1. AI literacy helps districts establish consistent, responsible-use expectations as AI tools rapidly enter classrooms.
2. AI literacy empowers teachers to guide students beyond "using" AI toward critical thinking, ethics, and responsible decision-making.

Importance of AI in Education and Daily Life

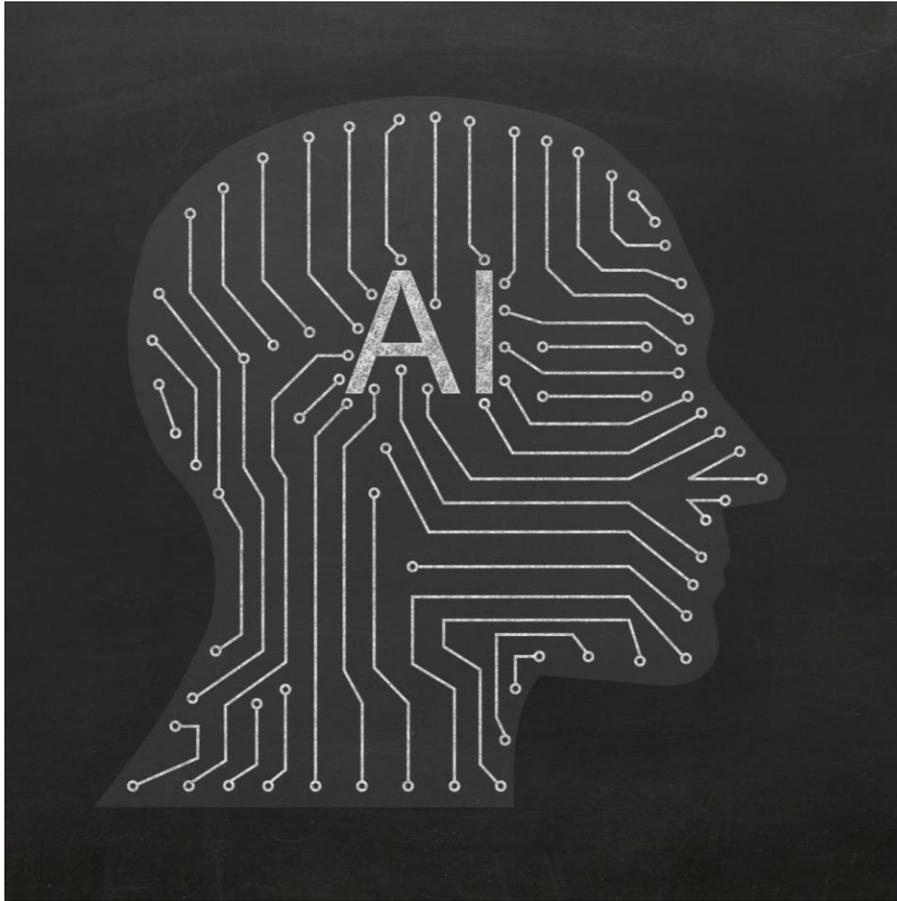

AI in Learning and Teaching

AI Literacy Importance

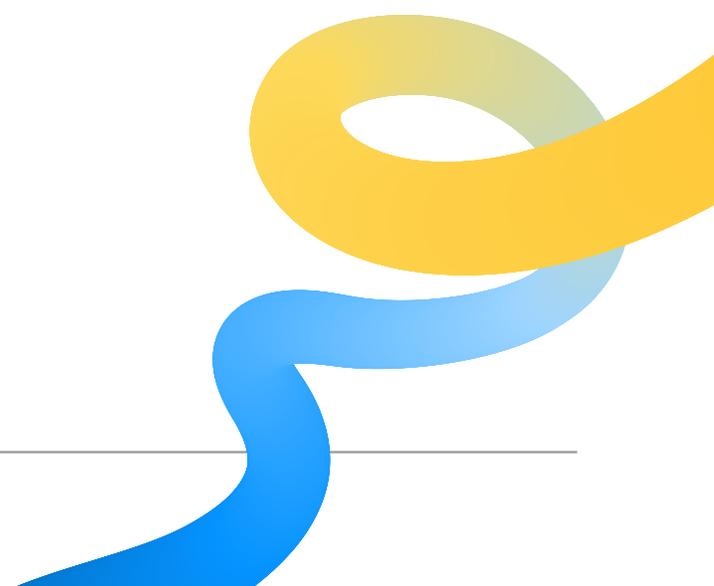

Ethical and Social Awareness

Understanding AI

**How do you define
Artificial Intelligence?**

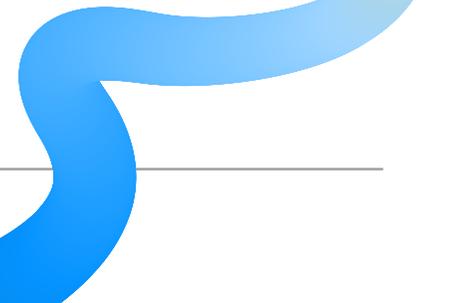

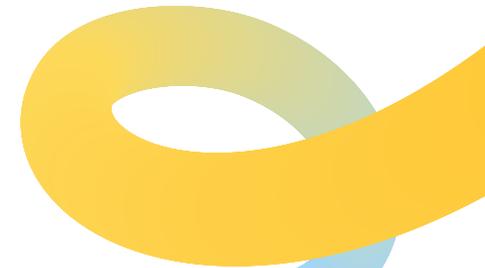

Understanding AI

Systems that mimic human intelligence through processes like learning, reasoning, and problem-solving

Predictive text; tap a suggestion to apply.

UNDERSTAND WHAT AI IS

This lesson helps students understand how AI works by introducing them to the Turing Test. By exploring how AI mimics human communication, students learn to question what's real, reliable, and ethical online, fostering thoughtful and responsible digital citizenship.

Put your student hat on....

WHICH IS REAL?

Responsible AI Use

Addressing AI Bias

Protecting Privacy

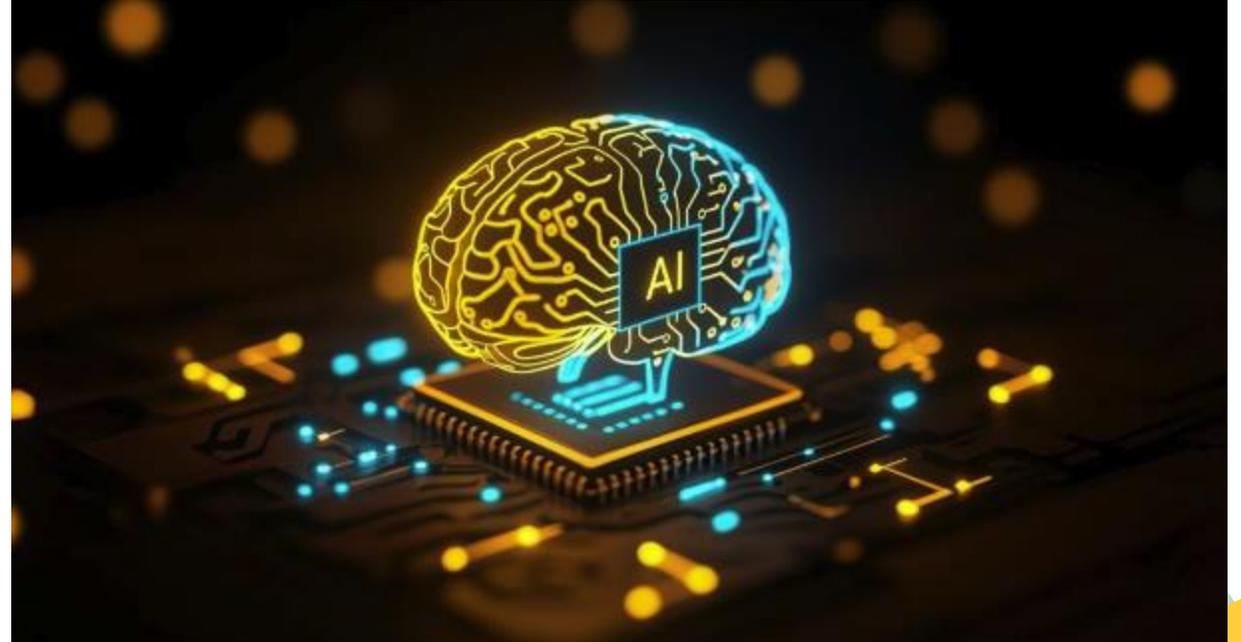

Ensuring Transparency

Fostering Digital Citizenship

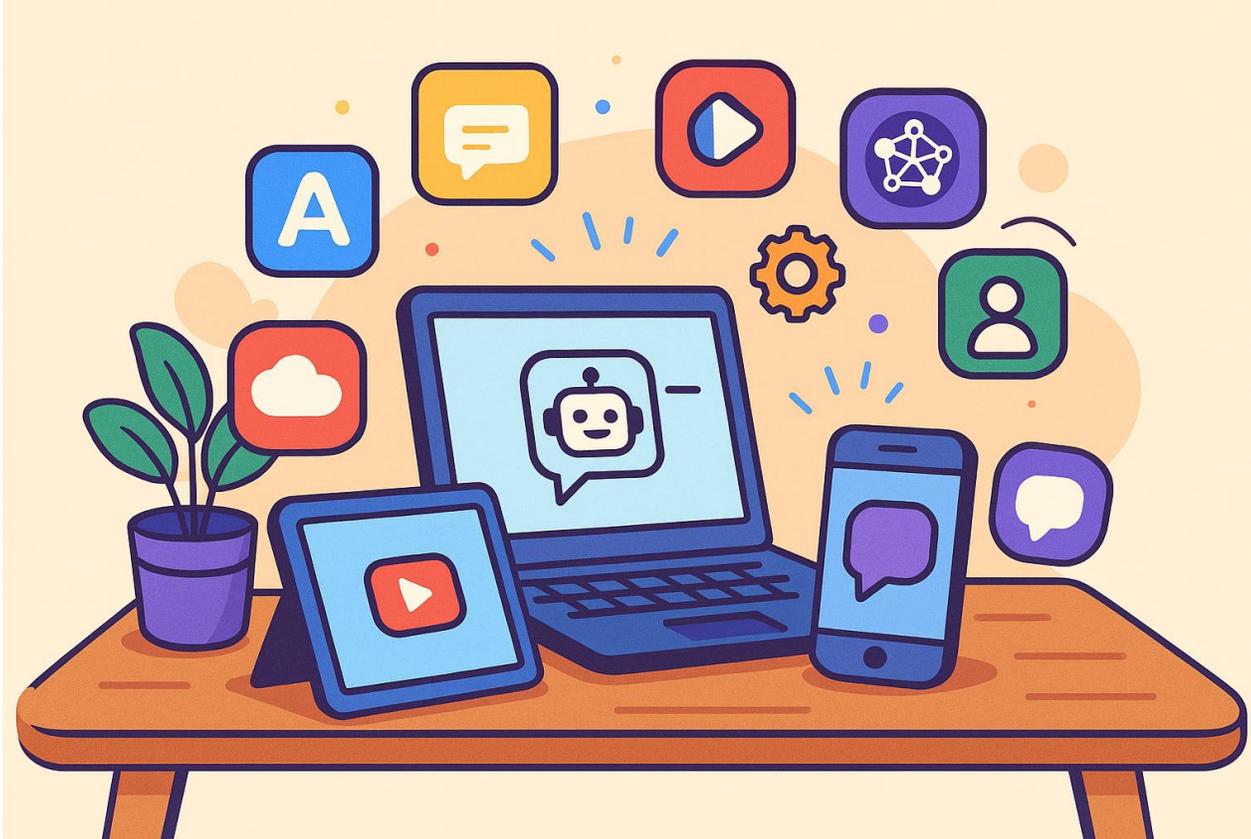

Responsible AI Use

Brainstorm apps, games, and websites used regularly – which AI tools do you use most?

Rank in order of most used, based on group discussion

Responsible AI Use

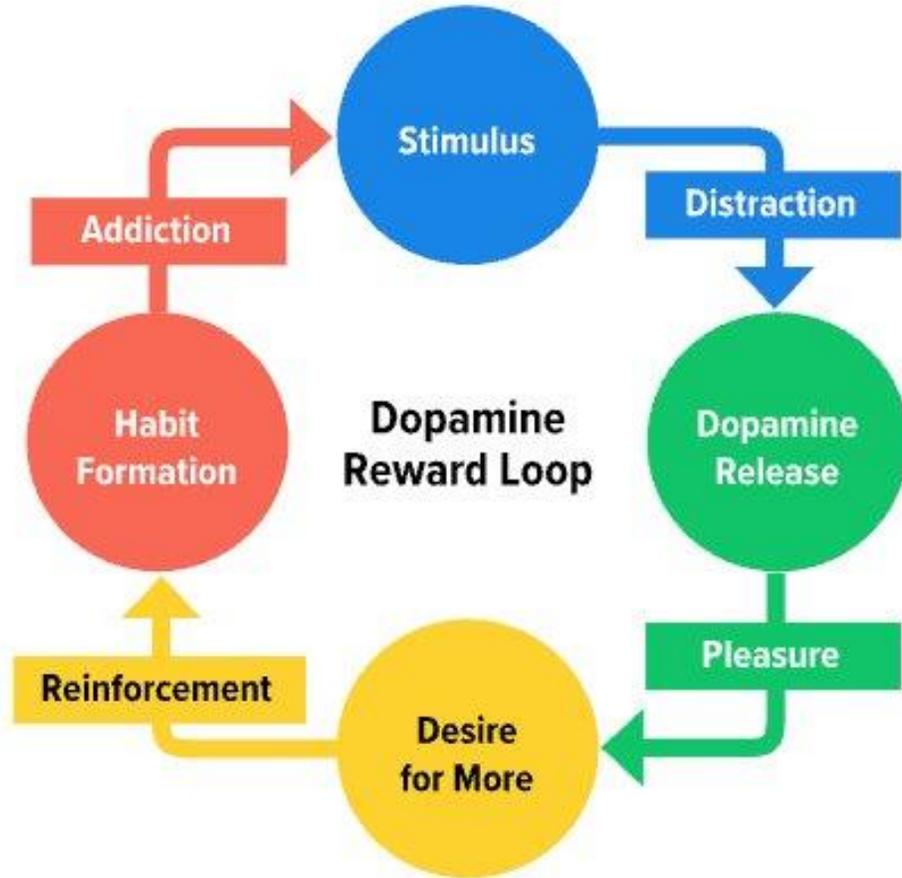

Why do you think you (and students) keep going back to those apps or tools?

What makes them fun or hard to put down?

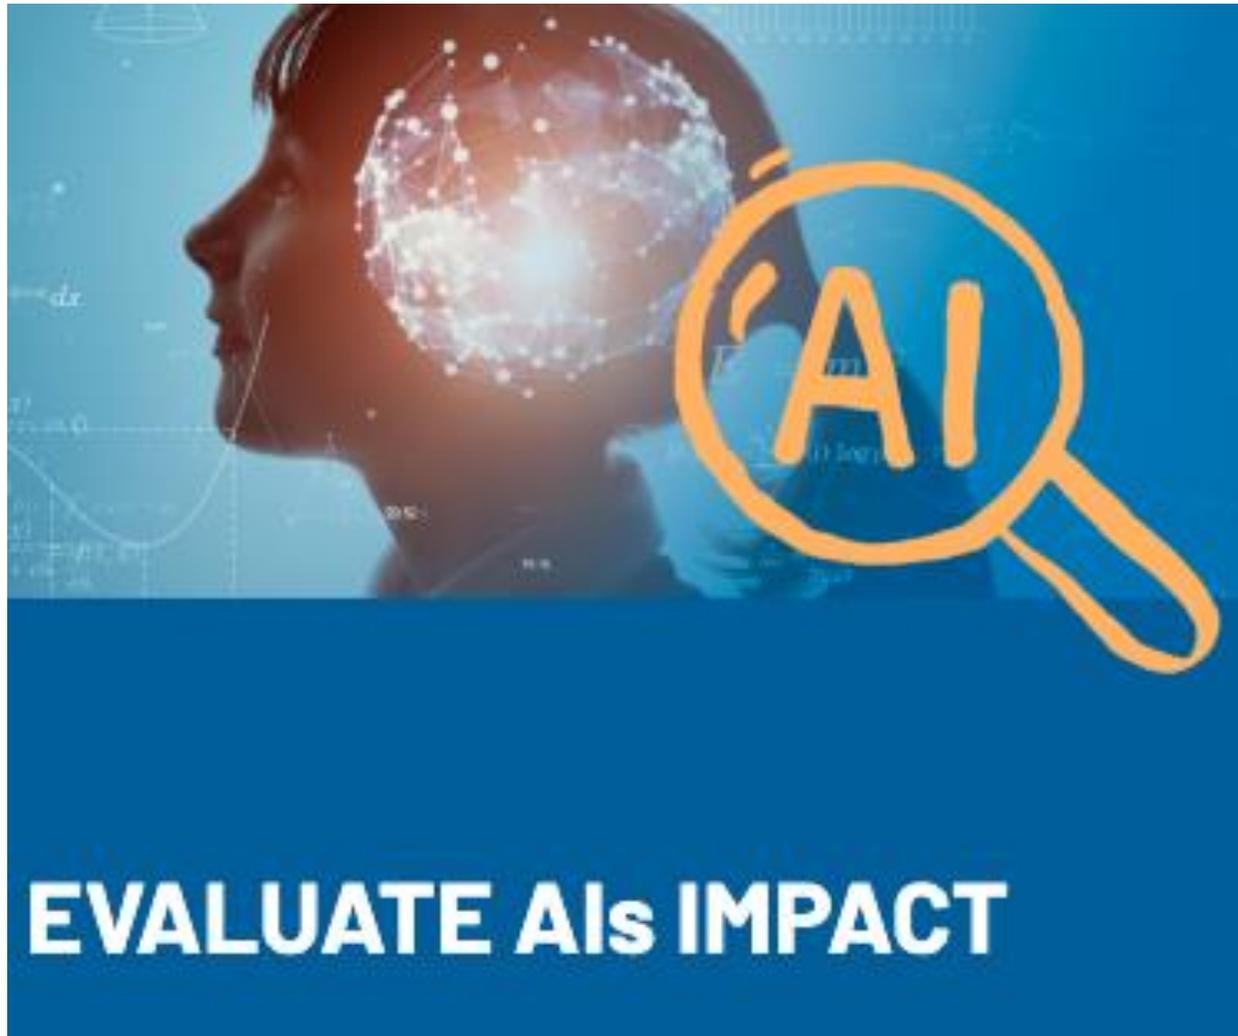

What went into the design?

Responsible AI Use

What are "hooks" for the AI systems that you identified

What are some "healthy habits" to help balance?

Evaluate AI's Impact

AI Use	Human Impact	Environmental Impact	Fairness Question

Evaluate AI's Impact

AI Use	Human Impact	Environmental Impact	Fairness Question
Voice Assistant	Makes tasks easier but can reduce privacy	Requires data centers – can use a lot of energy and water	Who has access to these technologies?

Classroom Integration

Inquiry-Based AI Projects

AI Tools Demonstrations

Ethics Discussions and Reflection

Curated Educational Resources

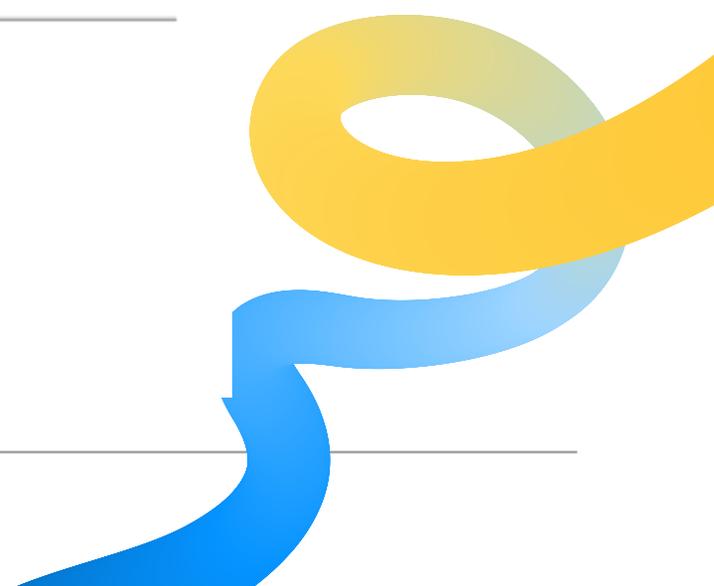

Six Word Story

SIX WORD STORY

Summarize or tell the story of something you learned in only six words.

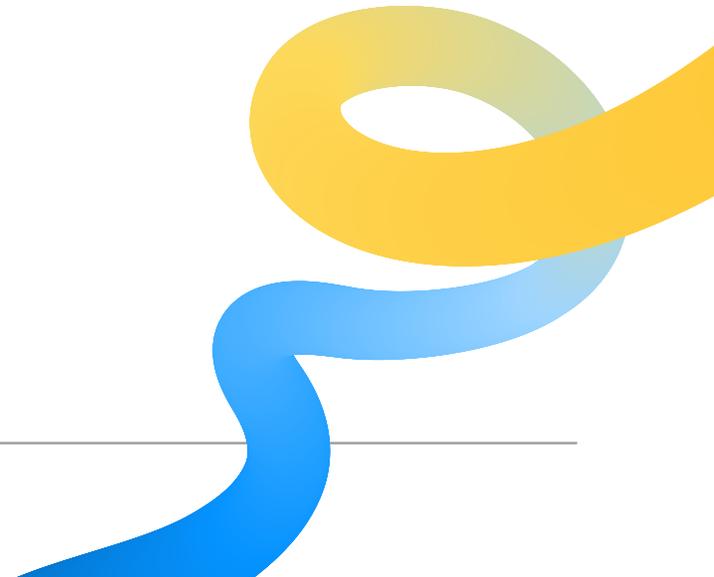

tell	the	story
in	six	words

My Confession....

Join me in the journey

Digital Citizenship INITIATIVE

Digital Citizenship is a set of strategies and behaviors designed to promote a safer, more respectful online experience for everyone.

Teaching & Learning Solutions

Award-winning supplemental, intervention, and core curriculum across subjects

 **EXPERIENCE** 

Ready-to-teach cross-curricular content, lessons, teacher tools, and career exploration

K-5 6-8 9-12

 **dreambox[®] READING** 
By Discovery Education

Personalized program that builds foundational skills and silent reading fluency

PreK-3

 **reading plus[®]** 
By Discovery Education

Develops proficiency in silent reading fluency, vocabulary, and comprehension

3-5 6-8 9-12

 **dreambox[®] MATH**  
By Discovery Education

Personalized program that supports learning acceleration and confidence in math. ***IMRA-Approved for K-5!**

K-5 6-8

 **mystery science** 
By Discovery Education

Open-and-go science lessons and hands-on activities

K-5

 **mystery writing** 
By Discovery Education

Open-and-go writing instruction and exercises

K-5

 **SCIENCE TECHBOOK**  

Rigorous TEKS-aligned science curriculum.

K-5 6-8 9-12

DE PARTNERSHIPS

Unique partnerships that support enhanced assessment and timely, relevant content

K-5 6-8 9-12

 **SOCIAL STUDIES TECHBOOK**

Inquiry-based social studies curriculum builds critical thinking skills

6-8

 **pivot interactives** 
By Discovery Education

500+ phenomena-based interactive science activities

9-12
